

Appl No 09/761,766, Group Art Unit To be assigned Okt No 1859 0610061, Batch No nventor James L Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band communication by Impulse Radio

FIG. 1A

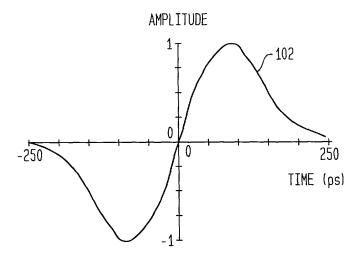

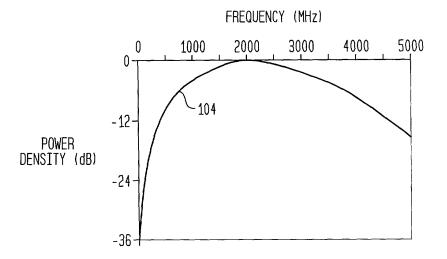

FIG. 1B

Appl No 09/761,766, Group Art Unit To be assigned
Dkt No 1659 0610001, Batch No .
Inventor James L. Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band
Communication by Impulse Radio

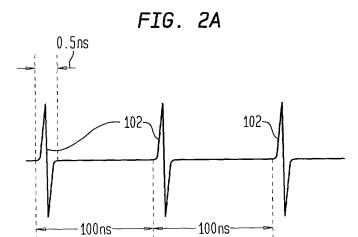

FIG. 2B

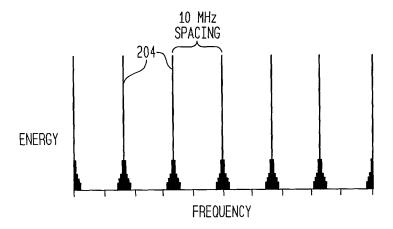

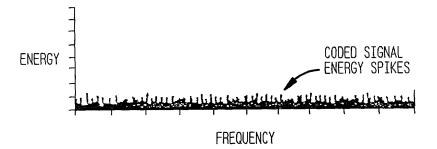

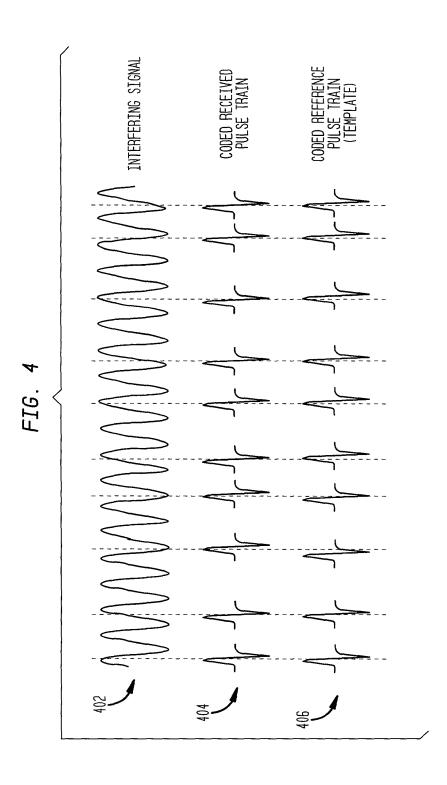

FIG. 3

Appl. No. 09/761,766, Group Art Unit: To be assigne
Dkt: No. 1659 0610001, Batch No
Inventor James L. Richards; Tel: 202/371-2600
Title System and Method for Medium Wide Ban
Communication by Impulse Radio

Appl. No 09/761,766, Group Art Unit: To be assigned Okt No 1659 0610001, Batch No.: nventor James L Richards, Tel 202/371-2600
[Itle System and Method for Medium Wide Band Communication by Impulse Radio

FIG. 5A

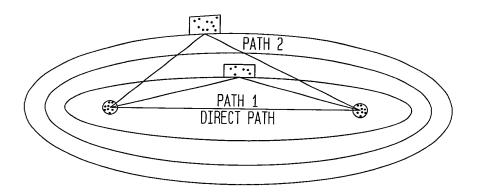

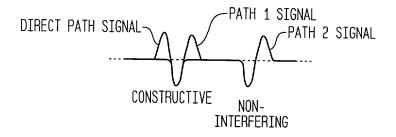

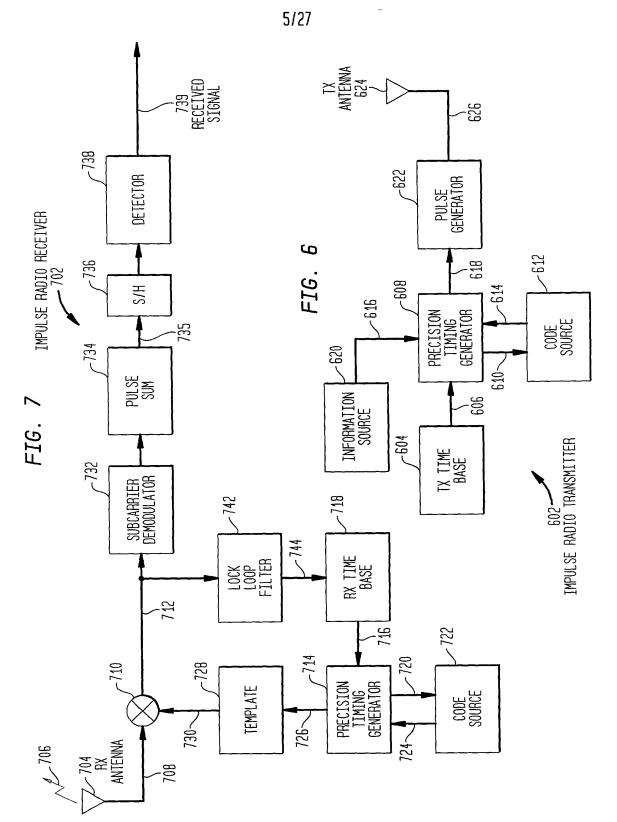

FIG. 5B

Appl. No 09/761,766, Group Art Unit To be assigned Dkt No 1659 0610001, Batch No.
Inventor James L Richards, Tel 202/371-2600
Title: System and Method for Medium Wide Band Communication by Impulse Radio

Appl No 09/761,766, Group Art Unit To be assigned by No 1659 0610001; Batch No Inventor James L Richards, Tel 202/371-2600

Title System and Method for Medium Wide Ban Communication by Impulse Radio

6/27

FIG. 8

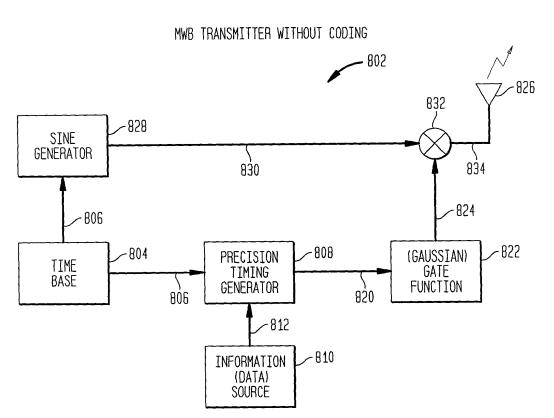

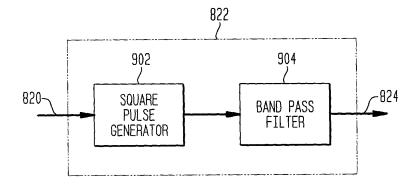

FIG. 9

Appl No 09/761,766, Group Art Unit. To be assigned
Okt No 1659 0610001, Batch No
nventor James L Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band
Tommunication by Impulse Radio

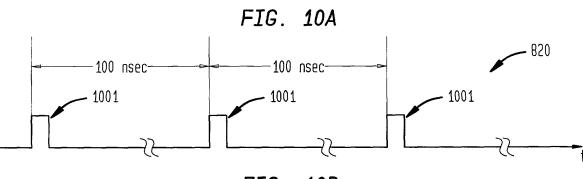

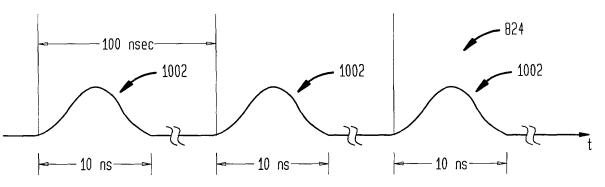

FIG. 10B

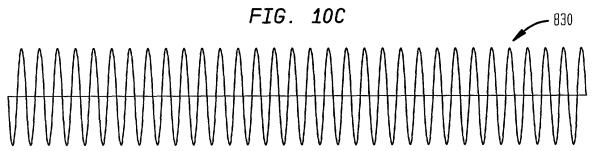

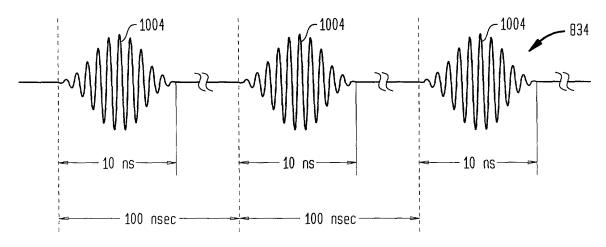

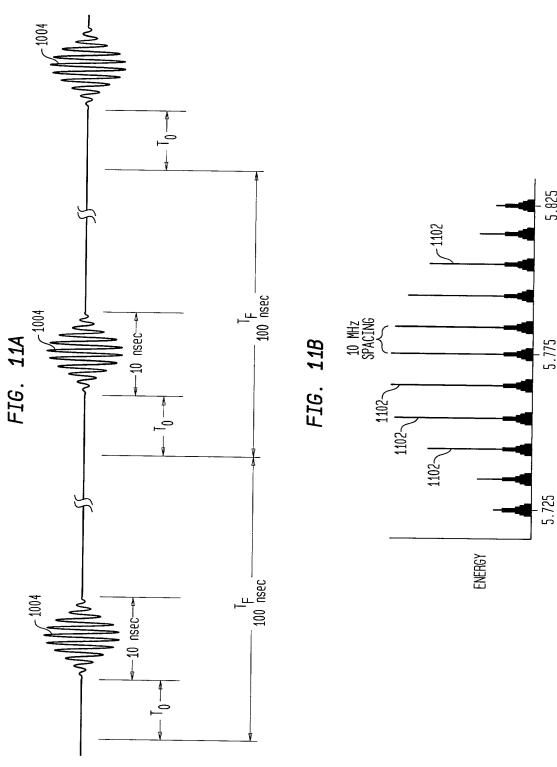

FIG. 10D

Appl. No. 09/761,766, Group Art Unit To be assigned Dkt No 1659 0610001; Batch No Inventor James L. Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band Communication by Impulse Radio

8/27

Appl No 09/761,766, Group Art Unit To be assign

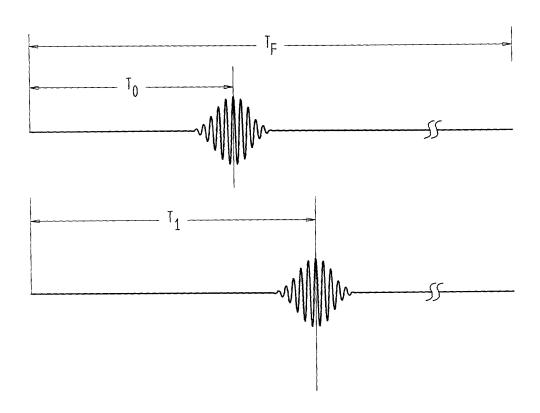

Dkt 'No 1659 0610001, Batch No .

Inventor James L Richards, Tel 202/371-2600

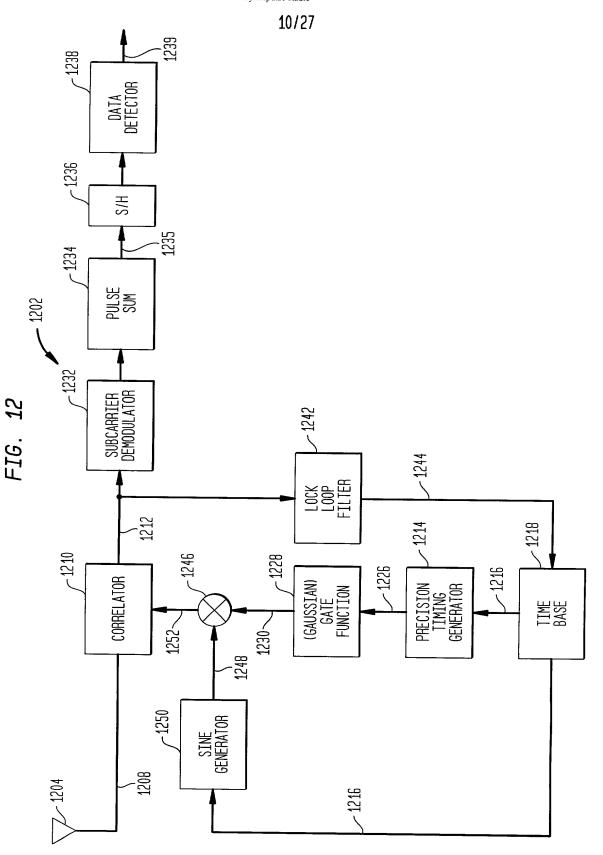

Title. System and Method for Medium Wide Ban

Communication by Impulse Radio

FIG. 11C

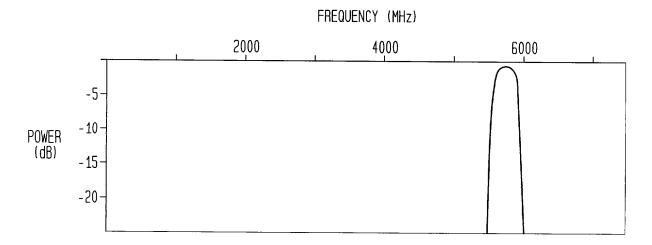

Appl No 09/761,766, Group Art Unit. To be assigned Okt No 1659 0610001, Batch No nventor James L Richards, Tel. 202/371-2600 Citle. System and Method for Medium Wide Band Communication by Impulse Radio

Appl No 09/761,766, Group Art Unit To be assigned Okt No 1659 0610001, Batch No Inventor. James L Richards, Tel 202/371-2600 Title. System and Method for Medium Wide Band Communication by Impulse Radio

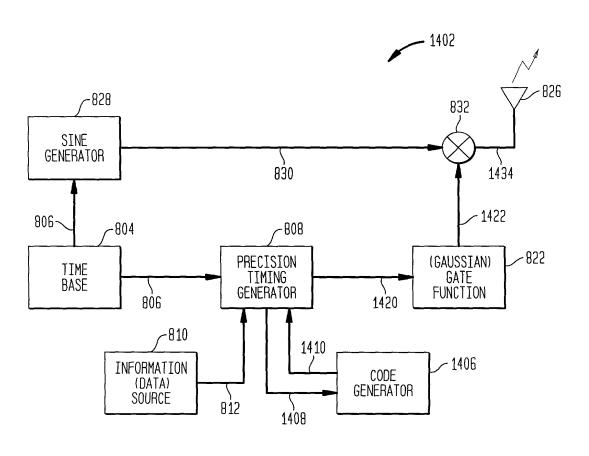

FIG. 13

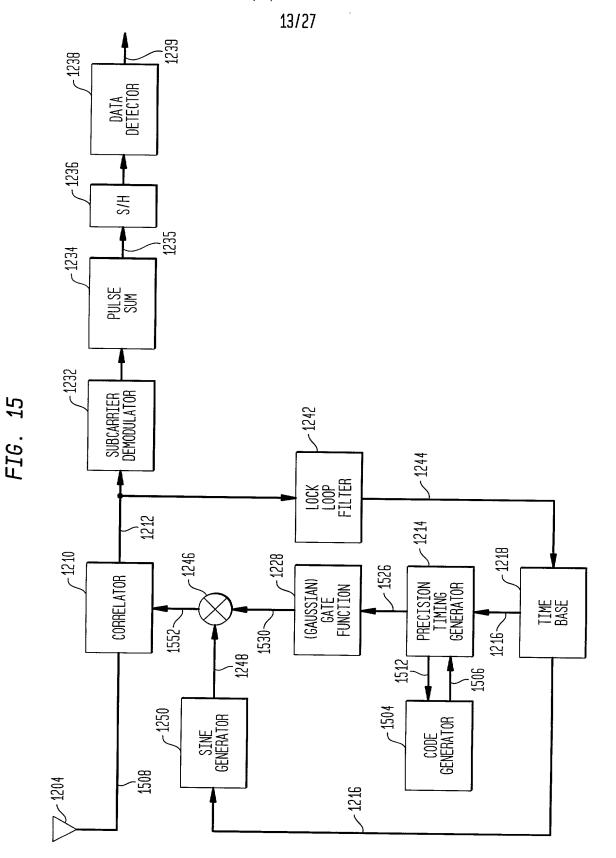

Inventor James L Richards, Tel 202/371-2600
Title System and Method for Medium Wide Ban
Communication by Impulse Radio

FIG. 14

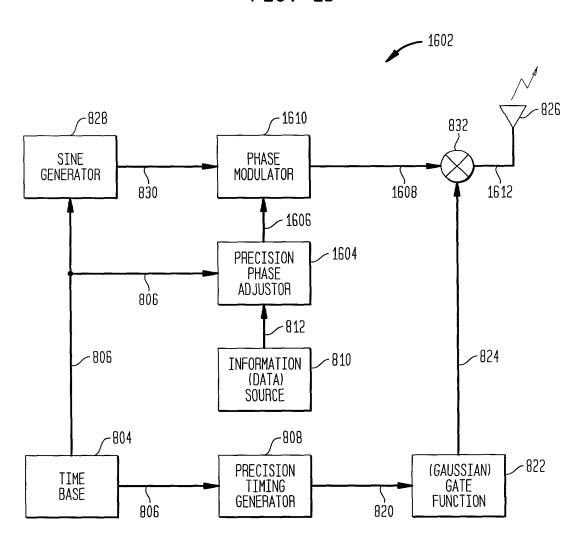

'ommunication by Impulse Radio

Appl No. 09/761,766, Group Art Unit To be assigned Dkt No 1659.0610001, Batch No Inventor. James L Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band Communication by Impulse Radio

FIG. 16

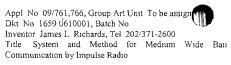

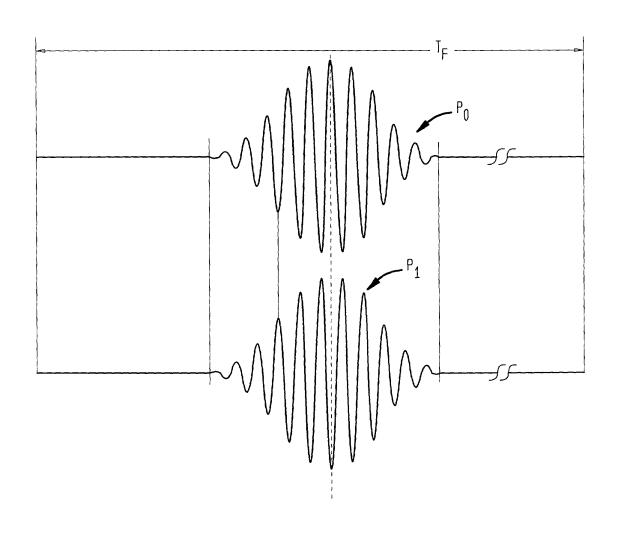

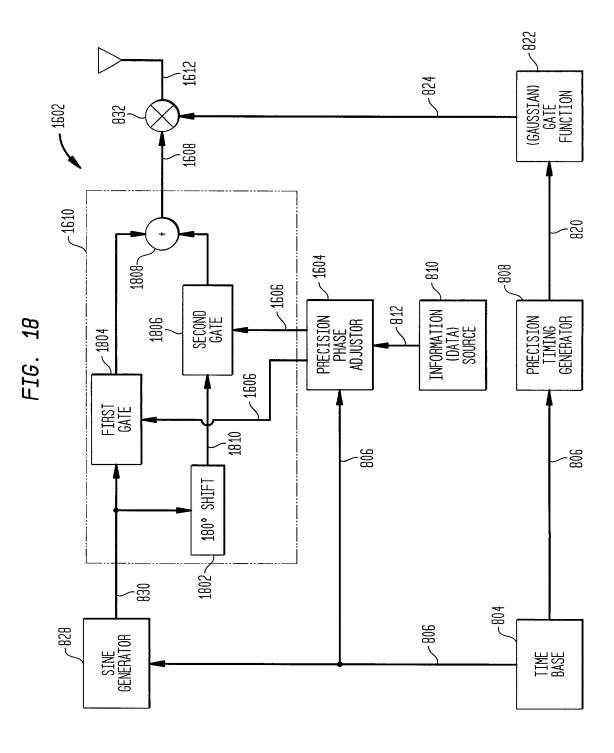

FIG. 17

Appl No. 09/761,766, Group Art Unit To be assigned
Okt No 1659 0610001, Batch No
nventor. James L Richards, Tel 202/371-2600
fitle System and Method for Medium Wide Band
Communication by Impulse Radio

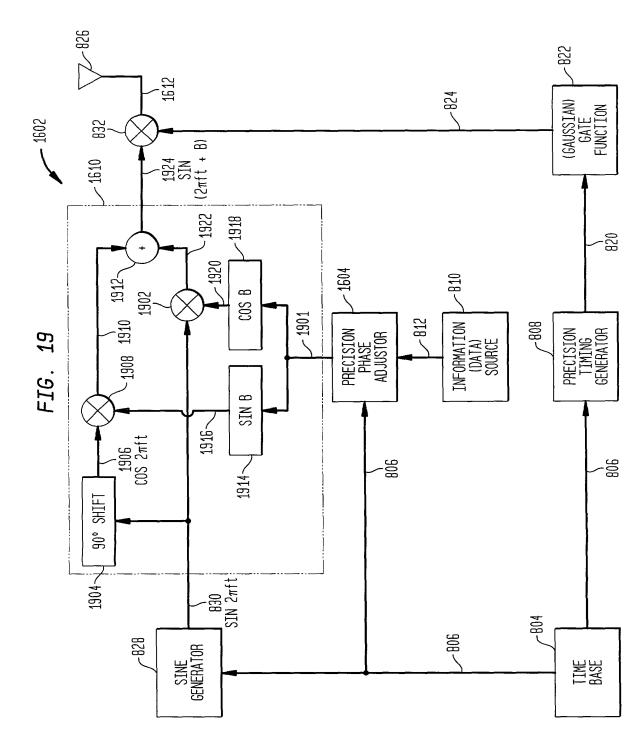

Appl No 09/761,766, Group Art Unit To be assigned

Dkt No 1659 0610001, Batch No
Inventor James L Richards, Tel 202/371-2600

Title System and Method for Medium Wide Band
Communication by Impulse Radio

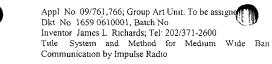

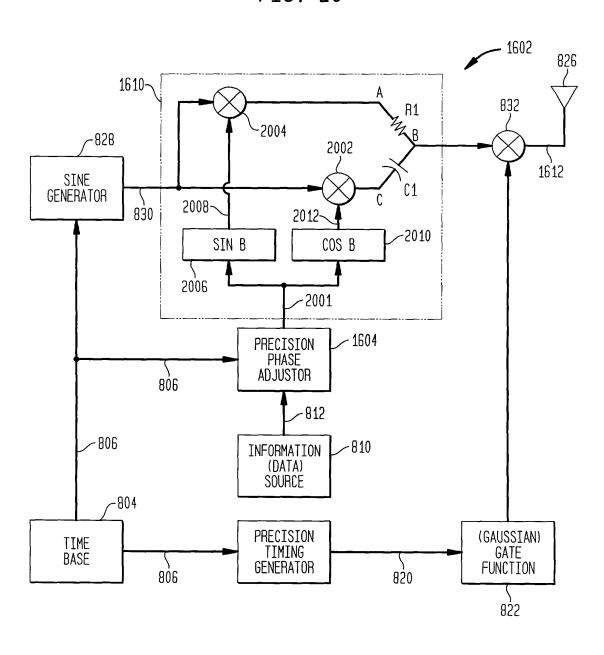

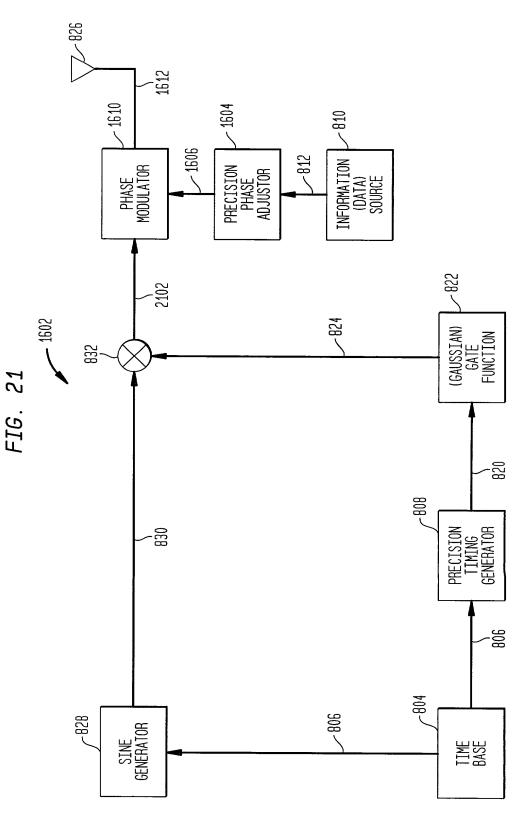

FIG. 20

Appl No 09/761,766, Group Art Unit To be assigned
Okt No 1659 0610001, Batch No
nventor James L Richards, Tel 202/371-2600
[title System and Method for Medium Wide Band
Communication by Impulse Radio

1

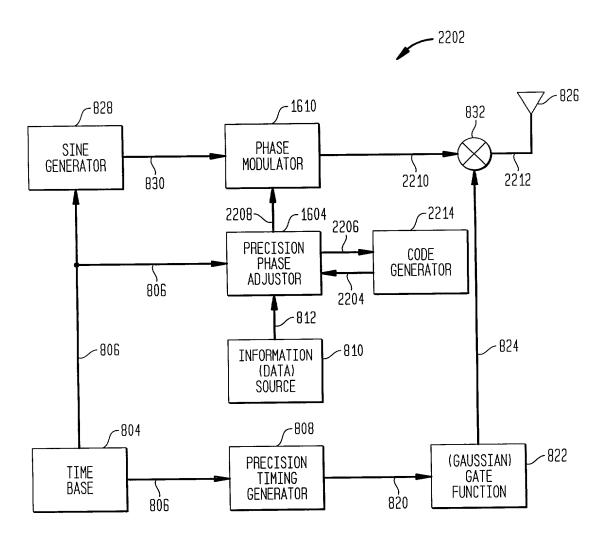

Appl No 09/761,766, Group Art Unit To be assigned Dkt. No 1659 0610001, Batch No .

Inventor: James L Richards, Tel. 202/371-2600

Title System and Method for Medium Wide Band Communication by Impulse Radio

FIG. 22

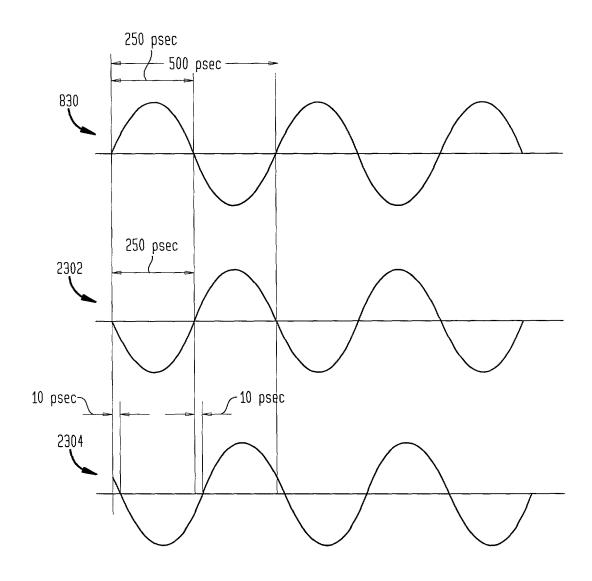

Appl No 09/761,766, Group Art Unit To be assigned by No 1659 0610001, Batch No.

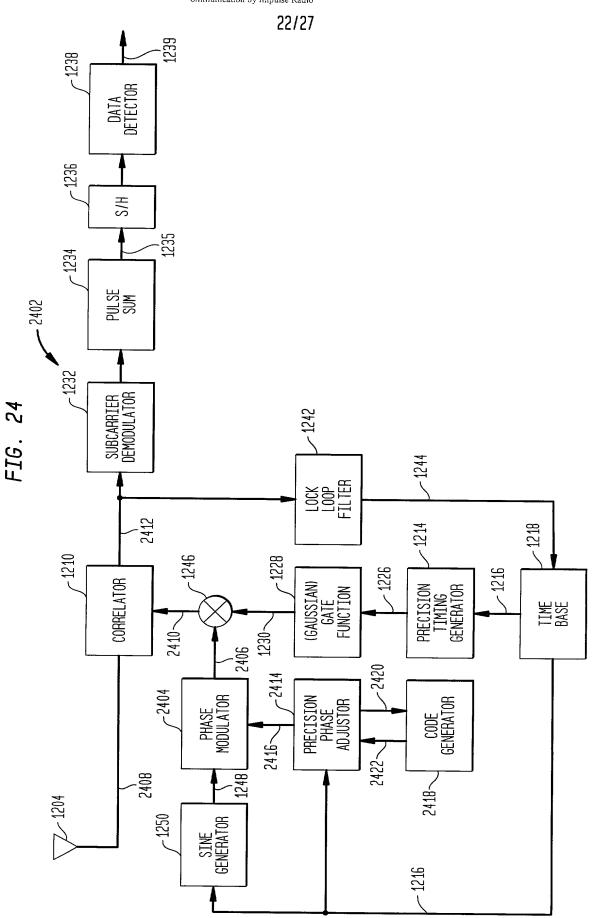

Inventor: James L. Richards, Tel 202/371-2600

Title. System and Method for Medium Wide Ban Communication by Impulse Radio

FIG. 23

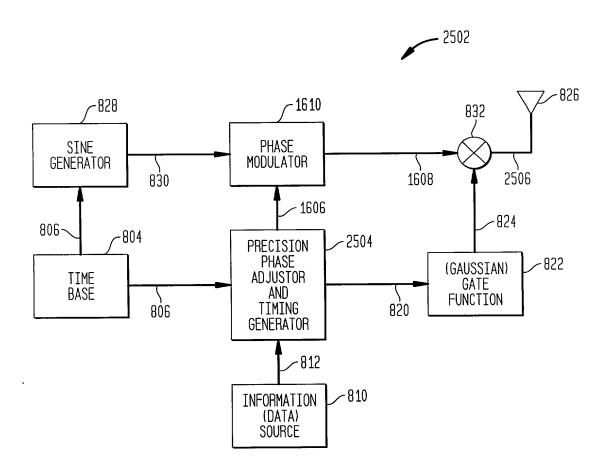

Appl No 09/761,766, Group Art Umt To be assigned Okt No 1659 0610001, Batch No nventor James L Richards, Tel 202/371-2600
Title System and Method for Medium Wide Band Communication by Impulse Radio

Appl No 09/761,766, Group Art Unit To be assigned Dkt No 1659 0610001, Batch No Inventor James L Richards; Tel 202/371-2600
Title. System and Method for Medium Wide Band Communication by Impulse Radio

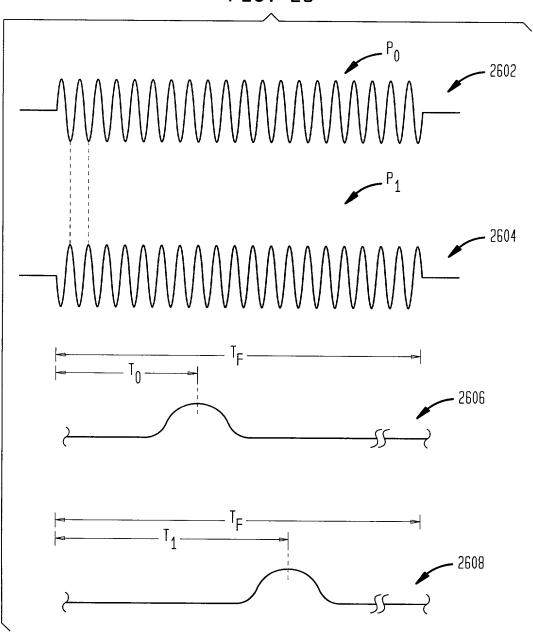

FIG. 25

Appl No 09/761,766, Group Art Unit To be assign Dkt No. 1659 0610001; Batch No. Inventor James L Richards, Tel 202/371-2600

Title. System and Method for Medium Wide Ban Communication by Impulse Radio

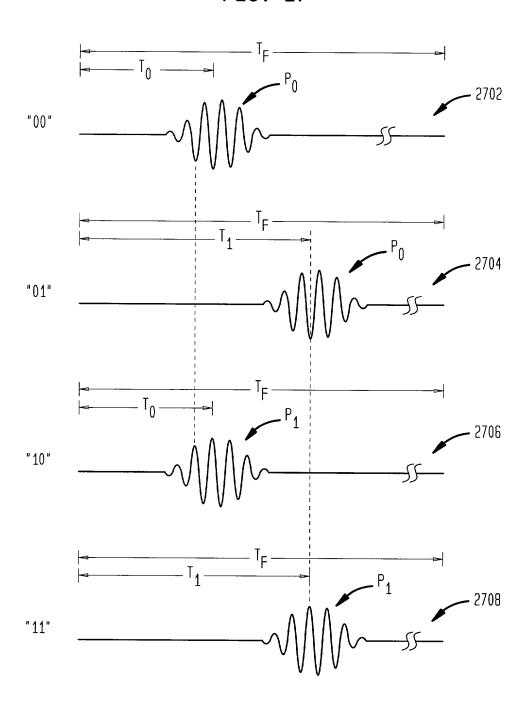

FIG. 26

Appl No, 09/761,766, Group Art Unit To be assigned
Okt No 1659 0610001, Batch No
nventor James L Richards, Tel 202/371-2600
fitle System and Method for Medium Wide Band
Communication by Impulse Radio

FIG. 27

Appl No 09/761,766, Group Art Unit To be assigned

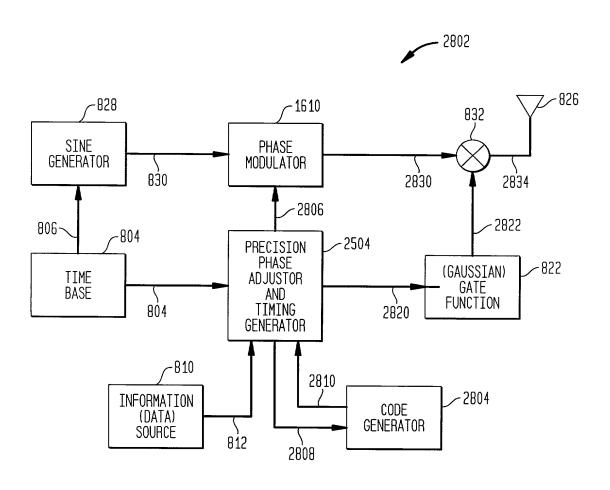

Dkt No 1659 0610001, Batch No

Inventor James L Richards, Tel 202/371-2600

Title System and Method for Medium Wide Band

Communication by Impulse Radio

FIG. 28

Appl, No. 09/761,766, Group Art Unit To be assign Obt No. 1659.0610001, Batch No. Inventor James L. Richards, Tel. 202/371-2600

Title System and Method for Medium Wide Ban Communication by Impulse Radio
